

**eDrinx™ exceeds milestone of \$3 M/month in Internet order volume.**

<http://www.edrinx.com>

Delta, BC, Sept 2, 2005--eDrinx™, the only centralized provincial order facility for the liquor industry in British Columbia, reports that it has exceeded its third milestone of processing more than \$3M per month in Licensee orders submitted via the Internet.

eDrinx™ is a unique technology company primarily focused on creating the only private exchange offering in the British Columbia Liquor industry. The private exchange concept permits buyers and suppliers in their specialized industry to transact business amongst themselves and collaborate on product information.

"eDrinx™ currently lists in excess of 10,000 liquor product skus from over 210 product suppliers and agents. Over 6,500 Licensees in the province of British Columbia can access this service through the Internet, learn about products and place orders for the products to suppliers. It is a time and money saver for everyone by reducing the effort to procure products, allowing for strategic purchases to

increase margins, and streamlining the delivery of marketing information to the buyers.”

About eDrinx™.

eDrinx™ is a privately held company based in Delta, British Columbia, focused on creating and operating the unique private exchange for the British Columbia Liquor industry. The company launched this service to provide an innovative and efficient service that helps streamline the flow of information in the BC Liquor Industry.
